"Set thine House in order"

The comforts of the home are determined by environments.

Did it ever occur to you why some rooms look pleasanter to you than others, and that this is due to the coloring and design of the Wall Paper?

The Wall covering is the background of the room decoration; if it be cold in color, the room will appear cold; if the design fails in ornamental harmony it will offend your eye and you will feel discontented with the surroundings.

The Sketches shown in this book represent only a small part of our new and splendid line of Wall Decorations, original, up-to-date creations in exquisite colorings.

Look them over and you will be delighted.
